

OSAP FOR STUDENT EXCHANGE

You can receive OSAP if you are completing an exchange that will lead to transfer credits at the University of Toronto.

OSAP will not fund additional costs of going on exchange, but will assist you with your educational costs (i.e., tuition and ancillary fees, books and supplies, and living costs) based on OSAP's standard allowances.

Because OSAP uses the actual dates you are on exchange, you may receive more or less OSAP funding than you usually receive.

1. Go to <http://ontario.ca/osap>, complete an online application
2. Apply using your **normal U of T program**, do not apply through your host institution
3. When you provide your income, state the **income for your exchange study period**, not the normal U of T dates
4. **Submit** the application
5. NOTE: Your estimate will not be accurate until adjustments have been made to your file; please **allow 6-8 weeks for processing**

Required Documentation you must submit:

1. A completed **Exchange Cover Sheet**
2. Proof of **official academic dates** from your host institution (e.g. calendar or website printout)
3. **Required documentation** listed on your OSAP application, if applicable

Academic Progress

- OSAP requires that all students complete at least 60% of a full-time course load (40% for students with a permanent disability). For most undergraduate students this means **1.5 credits** per term (**1.0 credits** for a student with a disability).
- Failure to meet OSAP's academic requirements may result in you being placed on OSAP academic probation, or, if you are currently on probation, you can be restricted from receiving OSAP funding for a minimum of 12 months.
