Research Visit

- » For advanced undergraduate and master students
- » 2-6 months research visits
- » Individual supervision by leading research professionals from GU
- » English as working language
- » Fellowship and ECTS Certificate

GREP Fellowship & Services

- » Accommodation in private student residence, incl. rent
- » Partial travel allowance
- » Optional free German language course
- » Free access to public transport and museums
- » Fee waiver for university enrollment
- » Coverage of health insurance for students without the EHIC
- » Exclusive orientation program, social activities and excursions
- » Personal advice on visa application, mandatory insurance, etc.

Be Part of GREP!

- » Find a research project in our GREP database
- » Apply for a research visit during:
 - Spring intake (April-September) until October 31st
 - Summer intake (June-August) until January 31st
 - Fall intake (October-March) until April 30th
- » The exact dates of your visit can be arranged individually

“GREP allowed me to make substantial progress towards my research and helped me to become part of a broader, more international network of brilliant scholars in my discipline. I would certainly recommend GREP to any student who wants to become a part of a lively intellectual community.”

Alan Burnett Valverde,
Stanford University, USA
