

Pilot Project

SHORT TERM RESEARCH STAY

The "Short-Term Research Stay" program comprises 2- to 3-month research stays for students of natural sciences from partner universities.

- **Target group:** Primarily undergraduate students
- **Program Language:** English
- **Cost:** No program fees (no guaranteed housing)
Payment of semester fee is required (approx. 300€)
- **Timeframe:** Jan - Feb, Mai - Aug
(exact period of stay depends on research project)

Timeline

- Project descriptions with requirements will be sent in November to partner universities
- Pre-Selection and nomination by partner university
- Nominated students apply directly for a research project at FUB
- Placement of students in research projects
- Administrative and cultural support provided by Dept. Student Mobility

Potential Research Fields

Didactics of Physics
Prof. Kubsch, Institute of Physics

Information Security
Prof. Margraf, Institute of Computer Science

Organic Chemistry
Prof. Donskyi, Institute of Chemistry

Theoretical and Computational Chemistry
Prof. Bettina Keller, Institute of Biology

Zoology / Evolutionary Biology
Prof. Jens Rolff, Institute of Biology
